

Koster Keunen began as a family business and is the world's leader in natural wax refining and wax technology. We dedicate ourselves to innovation, ethical sourcing, and sustainability.

Koster Keunen is a U.S manufacturer of raw material ingredients that are used in a wide range of industries. Our core chemistry revolves around wax and lipid technologies. Our raw material offerings can support industries including:

- Adhesives
- Agriculture
- Animal Nutrition & Pet Care
- Automotive
- Candles
- Crayons
- Paint & Coatings
- Construction
- Inks & Toners
- Pulp & Paper
- Textiles
- Water Treatment
- Wood Care
- Specialized Industries with Wax Applications

# KOSTER KEUNEN

## Our History

Koster Keunen was founded in 1852 with our first beeswax refining factory in Aalst, Holland. Today, Koster Keunen continues as a family business, with manufacturing plants located in the United States and The Netherlands along with a fully integrated sustainability beeswax program anchored by our facility in Togo, West Africa

## Types Of Chemistries

Koster Keunen provides multiple types of wax, lipid, synthetics, ester and alcohol chemistries for all industries including:

### BEESWAX

Extensive range of natural, white, yellow, USDA organic and sustainably sourced beeswax options.

### NATURAL WAX

Koster Keunen offers an extensive range of natural and plant-based waxes from around the world.

Natural waxes have their own unique properties for a variety of industries and projects.

### HYDROCARBONS

Standard paraffins, microcrystalline wax, ceresin, and ozokerites offered in a variety of melt points and penetrations.

### CUSTOM BLENDS

Talk to one of our chemical experts custom and proprietary options. Minimum orders apply.

# GENERAL CHEMISTRIES

NATURAL WAXES	FATTY ACIDS, ALCOHOLS, & ESTERS
Beeswax	Behenic Acid
Bayberry Wax	Behenyl Alcohol
Candelilla Wax	Behenyl Behenate
Carnauba Wax	Cetyl Stearyl Alcohol
Castor Wax	Cetyl Esters
Cocoa Butter	Cetyl Palmitate
Orange Peel Wax	Cetyl Stearate
Rice Bran Wax	Lauryl Laurate
Soy Wax	Stearyl Behenate
Sunflower Wax	Stearyl Stearate
HYDROCARBONS	SYNTHETIC WAXES
Ceresin	Synthetic Beeswax
Microcrystalline	Synthetic Carnauba
Ozokerite	Synthetic Candelilla
Paraffin	Synthetic Wax
Polyethylene	

## CUSTOM WAX BLENDS

Modified Waxes • Custom Wax Blends • Proprietary Options
